

What happened at the Expert Group?

Wednesday 31st January 2018

The meeting was in The Melting Pot in Edinburgh

Most of the meeting was Linzi from Royal National Institute of Blind (RNIB) People talking to the group about a new training pack that they have made to help people with learning disabilities and those who support them to recognise when someone might be having trouble with their eyesight.

Members of the group gave suggestions and asked questions that will help RNIB to make the pack even better and to help them to let people know about the pack.
