

What happened at the Expert Group?

Wednesday 26th September 2018

The meeting was in The Melting Pot in Edinburgh

At the meeting the expert group members talk about the recent stakeholder events that the Scottish Government had to talk about the new keys to life strategy.

The group talked about SCLD's plans to talk to more people with learning disabilities in Scotland so that there is more and better information about their lives. This will help SCLD and the Scottish Government to know more about what things need to be done to help to improve people's lives.

Lastly the group talked about what kind of things would make the SCLD website easier to read.
